

Give your Kindergartener a SMART START

One of the best gifts you can give your child is a great foundation before going off to kindergarten. DSG invites families with 3-6 year olds with Down syndrome to attend the *Smart Start* sessions which will help you better understand what successful students with Down syndrome have in common. Your attendance will help you send your child off to the first day of kindergarten with excitement! You will have the opportunity to ask questions, learn about local resources, and meet other parents whose children are also preparing to enter kindergarten.
